

To make the screening as safe as possible for everyone, we ask that you complete a health screening checklist prior to arriving at the screening. If you are experiencing symptoms of COVID-19, please stay home. **We will limit seating to approximately no more than 80% capacity**, which allows us to maintain a select number of seats set aside for those who are unvaccinated and need to physically distance themselves from others and those who feel more comfortable having some physical distance. We follow all local COVID protocols and recommend that you wear a mask during the screening.

### **SAFETY GUIDANCE:**

In order to make the screening as safe as possible for everyone we will be requiring everyone to follow certain **Safety Protocols**:

- **Complete Health Screening Checklist** prior to arriving at the screening. If you are experiencing symptoms of COVID-19 please stay home.
- **You must comply with local guidance and policy with regards to mask wearing.**

## SCREENINGS

### HEALTH SCREENING CHECKLIST

Prior to traveling to the screening please take your temperature and complete the below Healthy Screening Checklist.

**If you answer "Yes" to any one of these, please stay home and stay safe.**

-  Take your temperature at home prior to coming to the screening. **Is your temperature 100.4°F / 38°C or higher?**
-  Do you have any of the following symptoms? **Cough •Shortness of breath or difficulty breathing •Chills •Muscle pain or body aches •New loss of taste or smell •Sore throat •New onset of nausea, diarrhea and vomiting**
-  Have you had close contact with anyone diagnosed with COVID-19 in the past 14 days and **have not completed the required self-quarantine period? Or are you awaiting results of a COVID-19 test due to possible exposure or symptoms?**

When you check-in at the screening you are confirming that you have passed the screening checklist
