Dear Ms McCollum, Mr Weiser, and Mr Finegan

The New Zealand Consulate General is aware of the death of New Zealand national, Christian James GLASS, in Clear Creek County, Colorado. We understand the circumstances of our national's death are subject to ongoing judicial process in the United States.

The New Zealand Government takes the safety of New Zealand citizens overseas seriously, with interest and concern in situations where the safety of our citizens is jeopardized. With this in mind, we would be grateful for:

- Updates on the progress of this case, which we will use in the provision of consular services to Mr Glass's family, and for reporting to New Zealand Ministers.
- A contact in your offices for New Zealand consular officials to speak to, should this be required.

I am the New Zealand Consular official leading on this case. If you would like to contact me to discuss updates on this case, please contact me. My work phone number is 310 566-655, cell 310 994-9018, email: [cherry.hankins@mfat.govt.nz](mailto:cherry.hankins@mfat.govt.nz)

  
Kind regards  
Cherry Hankins  
Senior Consular Officer
